

WEINLAND **BADEN**

Eine Passion, die verbindet.

Who we are and what we can offer you!

Weinland Baden is a sales and distribution company, based in Freiburg, Germany and offering fine wines from Baden to on- and off-trade customers in Germany and abroad.

Shareholders are 8 leading cooperatives from the growing area Baden; ranging from Ortenau in Central Baden to the Kaiserstuhl region and all the way south to Markgräflerland and the Swiss border.

Weinland Baden represents about 2.600 hectares of vineyards, planted with all Pinot varieties, with Riesling, Rivaner, Gutedel, Sauvignon Blanc, Merlot, Cabernet Sauvignon and many others. Our portfolio ranges from entry level quality wines, bottled by varietal or blended, to super premium wines, single vineyards, oak aged wines, Botrytis Wines etc.

Many customers are also served with private labels.

We offer various bottle shapes and sizes, Bag-In-Box, still wines, carbonized wines, sparkling wines, aromatized wines and we are currently growing our share of so-called PiWi-wines, which require a lower use of pesticides during the growing season.

Our growers work passionately and are focussed on delivering best quality fruit to the wineries. Wherever possible, we are implementing sustainable practices along the production and supply chain.

If you are looking for wines from Germany's sunny Southwest, we are your partner!
